Subject: Dimock - TechLaw Staffing Plan for March 5 Sampling

Hi Rich,  
Just wanted to run a couple things by you in regards to TechLaw's staffing plan for the March 5th sampling at Dimock.

I intend to mobilize 10 people to the Site on Sunday March 4. The ten people will include 5 people on the sample team, 4 people on the sample management team, and myself. Some of us will most likely arrive at the Site on Sunday to get the equipment and sample bottles prepped for Monday morning. Based upon the sample schedule (2 homes Mon and 2 homes

Tues) the sampling will be completed by Tues evening. We will finish packaging and shipping the sample bottles on Wednesday, pack the remaining equipment and supplies from the Site, and will demobe Thurs.

I may cut some of the sample teams loose on Wednesday. We will also have to figure out what do with all the extra supplies at the Site (coolers, tables, etc...).

Please let me know if you are OK with this plan and if you have any additional comments or questions.

Thanks and see you soon.
